We express our sincere gratitude to our Patron, Lt Col Amit Sharma, for his unwavering support and guidance in ensuring the smooth functioning of the Staff Club and organizing various events. We also appreciate the PMC and all staff members for their cooperation, enthusiasm, and active participation.

Historically, the concept of staff clubs dates back to 19th-century America, where like-minded individuals gathered in coffee houses for music, dance, and intellectual discussions. Today, our Staff Club at RMS Dholpur, nestled amidst the scenic ravines of Chambal, serves as a platform for social interaction, stress relief, and cultural enrichment.

To break the monotony of daily routines, the Staff Club organizes various functions, celebrations, and recreational activities to promote unity, brotherhood, and social well-being. These events provide an opportunity for staff members to showcase their talents in music, dance, singing, and leadership.

The Staff Club significantly contributes to maintaining a positive work environment and high morale among the faculty. It helps new staff members integrate seamlessly into the institution while encouraging participation in staff tours, sports, and farewell gatherings. This year, two grand staff club functions were successfully held at Sundaram Resort and Rajniwas Palace, where staff members enjoyed cultural performances, games, and delightful conversations.

CONCLUSION:

"Coming together is a beginning; keeping together is progress; working together is success." - Henry Ford

We are immensely grateful to every staff member who has contributed to the success of our Staff Club functions-be it through stage setup, technical support, event coordination, or simply participating with enthusiasm. A special note of appreciation goes to our Principal, Lt Col Amit Sharma, whose vision and encouragement have been instrumental in making these events a grand success. Here's to another year of teamwork, collaboration, and shared success at RMS Dholpur!
